Online Resources for Members

Maximize Your Membership Value

Welcome to the Geoprofessional Business Association (GBA)! In order to help you get the most out of your membership, we have put together this guide to GBA's online resources. All of these can be found using the GBA website as a starting point:

www.geoprofessional.org

Got questions about GBA and its resources? E-mail info@geoprofessional.org.

First, make sure you can login to the website; this is your key to everything you can do online as a member of GBA!

- If we added you to our system, your username is your e-mail address, and your initial password is Password1, which you will change after you first login.
- If that doesn't work, click on Forgot Password to see if we have you in our system and reset your password.
- If you're not in our database already, then click on the Sign up here link on that page, or return to www.geoprofessional.org and go to the Members tab and click on Sign up for a Password in the menu on the right side.

Tell others in your firm to sign up! All employees of Member Firms can have their own login for the GBA website.

Find a Geoprofessional

If you don't see any locations, then you are not a primary contact; look at the "Organization Information" section to find the primary contact for your location.
