

## Special Edition of GBA NEWSlog

**APRIL 1, 2021**

We hope you enjoyed this special, April 1<sup>st</sup> issue of GBA NEWSlog. With all the challenges of the past year, we wanted to take the opportunity on April Fool's Day to share outlandish and hopefully humorous stories with our readers, in hopes we bring you joy and laughter.

We will be back on April 7, 2021 with valuable information you can use to make your business smarter, stronger, and more successful.

We would love your feedback on this issue or anything else GBA related.

With gratitude,

Joel G. Carson, CEO

Executive Director, Geoprofessional Business Association
